OATH OR DECLARATION**

Responsive to requirement made in the Notice of Allowability dated November 15, 2006 (checked box 4; Examiner's Amendment, item 3.), Applicants are concurrently filing the requested executed substitute (supplemental) declaration of named inventor Errette Bevins III.

In accordance with 37 C.F.R. §1.67(a)(2) and M.P.E.P §603, the deficiency in the Declaration previously filed and made of record on October 25, 2004, which included the signatures of inventors Nick Carter and Sergio Diaz de Leon but not Errette Bevins III, is corrected with the concurrently filed signed Declaration of inventor Errette Bevins III, which identifies the entire inventive entity on the signature page thereof and is signed by the inventor to whom the deficiency and correction relates.
